

## OVERVIEW OF SEAFDEC REGULAR INFORMATION MATERIALS IN 2021

### REGULAR MATERIALS

With the aim to promote the activities of SEAFDEC as a whole and to enhance the visibility of the Center to wide audiences and public, the Secretariat is planning to prepare/produce following materials in 2021 in close collaboration with all SEAFDEC Departments:

#### 1. SEAFDEC Annual Report 2020

SEAFDEC Annual Reports has been annually produced to summarize the activities and achievements of SEAFDEC during a one-year period (January-December). The Draft Report would be submitted to the SEAFDEC Council during its annual meeting in following year, while the progress of activities undertaken by SEAFDEC also be reported by the Secretary-General to the Council. After endorsement by the Council, the Annual Report will be published and distributed, mainly to the Member Countries, fisheries-related organizations and network libraries.

##### Required Inputs:

The required inputs will be based on the structure of the Annual Report as discussed/agreed during the ISP Meeting. Tentative structure for Annual Report 2020 will be mainly categorized based on the SEAFDEC Strategies under the Resolution on the Future of SEAFDEC Towards 2030.

##### Working Schedule:

Departments are requested to submit **inputs (Part II and IV) by the end of January 2021.**

Number of Copies Produced: 1,000

##### Target Distribution:

	Copies	
1. Network Libraries	177	Distributed by Secretariat in Thailand and non-host countries
2. Organizations with collaborative arrangements	25	
3. Council, Alternate Council Directors, NCs	33

8. AQD	150	
9. MFRDMD	100	
10. IFRDMD	100	

#### 2. Annual Compilation of Information Materials 2020

In response to the request made by the SEAFDEC Council at its 38<sup>th</sup> Meeting, a CD Rom package, compiling all promotional information and technical reports/publications produced by the Secretariat and Departments during the one-year period (January-December), had annually been compiled and

provided to the SEAFDEC Council Directors, Alternate Council Directors, and National Coordinators during the annual SEAFDEC Council Meeting in order to serve as reference materials for usage by Member Countries. For 2021, instead of preparing package of CD-ROM, the compilation would be saved in Thumb Drive of Documents given to participants at the Council Meeting. Furthermore, the inputs would also be used for updating SEAFDEC information catalogue, and also made available in SEAFDEC repositories.

Required Inputs:

The Secretariat and Departments are requested to provide the available information based on the following categories:

<b>Main Categories</b>	<b>Required Inputs</b>
1. Technical/Scientific Materials/Manuals/Proceedings	Title, PDF file

**5. SEAFDEC Calendar 2022**

SEAFDEC has annually produced Calendar in order to promote the visibility and activities of the center. The Theme for SEAFDEC Calendar 2022 is subjected to discussion at ISEP Meeting and further consultation during the SEAFDEC Department Chiefs' Meeting.

Required Inputs from Departments:

After confirmation of the theme, the draft outline, content and layout would be prepared by the Secretariat in close collaboration with relevant departments. Departments are requested to provide inputs (text and photographs), particularly for the subject that falls under their technical disciplines, for further consolidation by the Secretariat.

Working Schedule:

After agreement on the Calendar Theme (by July-August), Departments are requested to submit their respective input by September, so that the Calendar could be produced and distributed by the Program Committee Meeting, and sent to all Departments before the end of the year.

## NON-REGULAR MATERIAL

### 6. Southeast Asian State of Fisheries and Aquaculture (SEASOFIA) 2022

The Southeast Asian State of Fisheries and Aquaculture” or “SEASOFIA” aims to provide platform for compilation of synthesized data and information generated from various programs of activities, incorporating other data and information available in the region, in order to provide better understanding on the status and trends of fisheries and aquaculture of the region. Also included in the publication are selected fisheries-related issues/challenges and the outlook of fisheries and aquaculture, in order to raise awareness of countries in the region in response to the anticipated issues. The publication was first published in 2012, and then in 2017. The next issue is scheduled to be published in 2022.

#### Required Inputs from Departments:

The required inputs will be based on the structure of the publication, which should comprise sections as follows:

Section I: Status and Trends of Capture Fisheries and Aquaculture in Southeast Asia	Secretariat – based on synthesis from statistics bulletin Departments – based on results of projects that aim to collect data on status of fishery resources
Section II: Issues and Challenges in Sustainable Fisheries Development of the Southeast Asian Region	Secretariat and Departments – synthesis on regionally-important issues and challenges, based on their respective competence
Section III: Outlook of Fisheries and Aquaculture for the Southeast Asian Region	Secretariat to write-up a draft on anticipated future issues

*(Note: Detailed content is to be further identified)*

#### Working Schedule:

To facilitate preparation of inputs from all Departments, the outline of the SEASOFIA (including questionnaire to gather necessary inputs from the AMSs) was discussed at Inter-Departmental Consultation conducted in 2020, and the outline will be submitted to the 43<sup>rd</sup> PCM in 2020. Departments are requested to prepare and submit the draft content by mid 2021, for consolidation by the Secretariat. Final draft should be available for circulation to Member Countries by the end of 2021 before publishing in early 2022.

Number of Copies Produced: 1,000

#### Target Distribution:

	Copies	
1. Network Libraries	170	Distributed by Secretariat in Thailand and non-host countries
